Inheritance Boxed Set-Christopher Paolini 2008-09-20 WITH THE HIGHLY anticipated publication of Book Three in the Inheritance cycle, the hardcover editions of all three books will be available in a handsome boxed set!

Bad Blood-John Carreyrou 2018-05-21 NEW YORK TIMES BEST SELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY: NPR, The New York Times Book Review, Time, Wall Street Journal, Washington Post • The McKinsey Business Book of the Year The full inside story of the breathtaking rise and shocking collapse of Theranos, the one-time multibillion-dollar biotech startup founded by Elizabeth Holmes—now the subject of the HBO documentary The Inventor—by the prize-winning journalist who first broke the story and pursued it to the end. “The story is even crazier than I expected, and I found myself unable to put it down once I started. This book has everything: elaborate scams, corporate intrigue, magazine cover stories, ruined family relationships, and the demise of a company once valued at nearly $10 billion.” —Bill Gates In 2014, Theranos founder and CEO Elizabeth Holmes was widely seen as the female Steve Jobs: a brilliant Stanford dropout whose startup “unicorn” promised to revolutionize the medical industry with a machine that would make blood testing significantly faster and easier. Backed by investors such as Larry Ellison and Tim Draper, Theranos sold shares in a fundraising round that valued the company at more than $9 billion, putting Holmes’s worth at an estimated $4.7 billion. There was just one problem: The technology didn’t work. A riveting story of the biggest corporate fraud since Enron, a tale of ambition and hubris set amid the bold promises of Silicon Valley.

iPad 2: The Missing Manual-J.D. Biersdorfer 2011-11-23 With iOS 5, Apple added more than 200 new features to the iPad 2, but there’s still no printed guide to using all its amazing capabilities. That’s where this full-color Missing Manual comes in. You’ll learn how to stuff your iPad with media, organize your personal life, wirelessly stream content to and from your tablet, stay connected to friends, and much more. The important stuff you need to know: Build your media library. Fill your iPad with music, movies, TV shows, eBooks, eMagazines, photos, and more. Go wireless. Sync content between your computer and iPad—no wires needed. Get online. Connect through WiFi or Wi-Fi + 3G, and surf the Web using the iPad’s new tabbed browser. Consolidate email. Read and send messages from any of your email accounts. Get social. Use built-in apps like iMessage, Twitter, and Ping to stay in touch. Store stuff in iCloud. Stash your content online for free, and sync up all your devices automatically. Interact with your iPad. Learn new finger moves and undocumented tips, tricks, and shortcuts.

The Collapsing Empire-John Scalzi 2017-03-21 *2018 LOCUS AWARD WINNER OF BEST SCIENCE FICTION NOVEL* *2018 HUGO AWARD FINALIST FOR BEST NOVEL* “John Scalzi is the most entertaining, accessible writer working in SF today.” —Joe Hill, author of The Fireman The first novel of a new space-opera sequence set in an all-new universe by the Hugo Award-winning, New York Times-bestselling author of Redshirts and Old Man’s War Our universe is ruled by physics. Faster than light travel is impossible—until the discovery of The Flow, an extradimensional field available at certain points in space-time, which can take us to other planets around other stars. Riding The Flow, humanity spreads to innumerable other worlds. Earth is forgotten. A new empire arises, the Interdependency, based on the doctrine that no one human outpost can survive without the others. It’s a hedge against interstellar war—and, for the empire’s rulers, a system of control. The Flow is eternal—but it’s not static. Just as a river changes course, The Flow changes as well. In rare cases, entire worlds have been cut off from the rest of humanity. When it’s discovered that the entire Flow is moving, possibly separating all human worlds from one another forever, three individuals—a scientist, a starship captain, and the emperox of the Interdependency—must race against time to discover what, if anything, can be salvaged from an interstellar empire on the brink
of collapse. "Fans of Game of Thrones and Dune will enjoy this bawdy, brutal, and brilliant political adventure" —Booklist on The Collapsing Empire "Political plotting, plenty of snark, puzzle-solving, and a healthy dose of action...Scalzi continues to be almost insufferably good at his brand of fun but think-y sci-fi adventure." —Kirkus Reviews on The Collapsing Empire "Scalzi is one of the slickest writers that SF has ever produced." —The Wall Street Journal on The Human Division The Interdependency Series 1. The Collapsing Empire 2. The Consuming Fire At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
The Witch Who Came in from the Cold-Lindsay Smith 2017-06-13 Spies and sorcerers face off during the Cold War, with the fate of the world in balance in this print edition of a hugely popular serial novel from five award-winning and critically acclaimed authors. The Cold War rages in back rooms and dark alleys of 1970s Prague as spies and sorcerers battle for home and country. The fate of the East and the West hangs in the balance right along the Iron Curtain—and crackling beneath the surface is a vein of magic that is waiting to be tapped.
Eragon; Eldest-Christopher Paolini 2006-11-02 This boxset will be a must-have for all die-hard Paolini fans - and also for those new fans created by the success of the blockbuster movie launching in December 2006. Two beautiful editions collected in a striking boxset.
Reading Dickens Differently-Leon Litvack 2020-01-13 A collection of original essays and innovative reading strategies—provides examples of reading Dickens in creative and challenging ways Reading Dickens Differently features contributions from many of the field’s leading scholars, offering creative ways of reading Dickens and enriching understanding of the most celebrated author of his time. A diverse range of innovative reading strategies—archival, historical, textual, and digital—representing new and exciting approaches to contemporary literary and cultural studies. This groundbreaking volume brings together literature, history, politics, painting, illustration, social media, video games, and other topics to reveal new opportunities to engage with the author's life and work. This unique book includes a re-evaluation of Dickens’ death and burial, new research data drawn from legal records and newspapers, assessments of well-known paintings and lesser-known illustrations, experimental readings of Dickens’ texts in digital form, and more. Much of the evidence presented has never been seen before, such as Dickens' funeral fee account from Westminster Abbey, Dickens' death certificate, and a telegram from Dickens' son asking for urgent assistance for his dying father. Revising and refreshing the critical strategies of traditional Dickens studies, this important volume: Features new research data on aspects of Dickens's life Discusses a range of innovative reading strategies (including physiological novel theory) for clarifying aspects of Dickens' work Examines the presence of Dickens in popular media and technology, such as Assassin's Creed video game and A Christmas Carol iPad app Features rare illustrations, including documents and images relating to Dickens's death and funeral Edited by world authorities on Dickens and his manuscripts Authoritative, yet accessible, Reading Dickens Differently is a must-have book for Dickens specialists, instructors and students in Victorian fiction and Dickens courses, as well as general readers looking for innovative reading strategies of the author's work.
Best iPad Apps-Peter Meyers 2010-12-08 What really wows iPad fans is when their touchscreen does what's impossible on other gadgets: the finger-painting app that turns a cross-country flight into a moving art class, the mini music studio (two-dozen instruments strong, each with motion-induced warble effects), and the portable fireworks display that you sculpt by swiping. Problem is, with tens of thousands of apps available for your iPad, who knows what to download? You can try to sort through a gazillion customer reviews with a mix of 5- and 1-star ratings, but that’s a head-hurting time-waster. The stakes are getting higher, too: instead of freebies and 99-cent trinkets, the price of iPad apps is steadily creeping up and beyond their iPhone predecessors. Best iPad Apps guides you to the hidden treasures in the App Store's crowded aisles. Author Peter Meyers stress-tested thousands of options to put together this irresistible, page-turner of a catalog. Inside these pages, you’ll find apps as magical as the iPad itself. Flip through the book for app suggestions, or head directly to one of several categories we've loaded up with "best of" selections to help you: Get work done Manipulate photos Make movies Create comics Browse the Web better Take notes Outline
Ideas Track your health Explore the world No matter how you use your iPad, Best iPad Apps will help you find the real gems among the rubble -- so you make the most of your glossy gadget.

Big Summer—Jennifer Weiner 2020-05-05 AN INSTANT NEW YORK TIMES BESTSELLER “Sexy and satisfying, Big Summer is the perfect quarantine read.” —USA TODAY “The beach read to end all beach reads.” —Entertainment Weekly “Big fun, and then some. It’s empowering and surprising—a reminder to put down the phone and enjoy each moment for what it is.” —The Washington Post

A deliciously funny, remarkably poignant, and simply unputdownable novel about the power of friendship, the lure of frenemies, and the importance of making peace with yourself through all life’s ups and downs. From the #1 New York Times bestselling author of Good in Bed and Best Friends Forever, Big Summer is the perfect escape with one of the most lovable heroines to come to the page in years. Six years after the fight that ended their friendship, Daphne Berg is shocked when Drue Cavanaugh walks back into her life, looking as lovely and successful as ever, with a massive favor to ask. Daphne hasn’t spoken one word to Drue in all this time—she doesn’t even hate-follow her ex-best friend on social media—so when Drue asks if she will be her maid-of-honor at the society wedding of the summer, Daphne is rightfully speechless. Drue was always the one who had everything—except the ability to hold onto friends. Meanwhile, Daphne’s no longer the same self-effacing sidekick she was back in high school. She’s built a life that she loves, including a growing career as a plus-size Instagram influencer. Letting glamorous, seductive Drue back into her life is risky, but it comes with an invitation to spend a weekend in a waterfront Cape Cod mansion. When Drue begs and pleads and dangles the prospect of cute single guys, Daphne finds herself powerless as ever to resist her friend’s siren song. A sparkling novel about the complexities of female relationships, the pitfalls of living out loud and online, and the resilience of the human heart, Big Summer is a witty, moving story about family, friendship, and figuring out what matters most.

My iPad 2—Gary Rosenzweig 2011 Provides information on the features of the iPad 2 with step-by-step instructions covering such topics as connecting to a wi-fi and 3G network, downloading apps, creating documents and spreadsheets, building and displaying presentations, using email, and watching movies.

EPUB Straight to the Point—Elizabeth Castro 2011 Start building ePub books NOW with this guide from bestselling HTML author Elizabeth Castro. Author Elizabeth Castro has sold more than three quarters of a million books on HTML.

Reading Magic—Mem Fox 2001 Argues that reading aloud to children is a vital part of their educational development, exploring how and where to read to achieve the best effects.

EPUB Straight to the Point—Elizabeth Castro 2010-07-28 Almost overnight, EPUB has become the favored standard for displaying digital text on ereaders. The EPUB specification is a powerful method for creating gorgeous ebooks for EPUB-capable readers such as the iPad, Nook, and Kindle.

Alas, it is far from perfect, with frustrating limitations, sketchy documentation, and incomplete creation tools. This extensively researched guide to creating EPUB files by best-selling author Elizabeth Castro shows you how to prepare EPUB files, make the files look great on the screen, work around EPUB weaknesses, and fix common errors. In this essential book, Liz shares her hard-earned experience for how to: Create EPUB files from existing Microsoft Word or Adobe InDesign files, or from scratch. Tweak EPUB files to take full advantage of the power of EPUB in each respective ereader. Control spacing, indents, and margins. Insert images and sidebars and wrap text around them. Create links to external sources and cross-references to internal ones. Add video to ebooks for the iPad.

The Secret Art of Dr. Seuss—Theodor Seuss Geisel 1995 A collection of private works by the late Theodor Geisel, otherwise known as Dr. Seuss, encompasses the highly creative and often whimsical paintings that he created for his own pleasure, as provided by his wife Audrey. 40,000 first printing.

The Selected Works of T. S. Spivet—Reif Larsen 2010-04-27 A brilliant, boundary-leaping debut novel tracing twelve-year-old genius map maker T.S. Spivet’s attempts to understand the ways of the world. When twelve-year-old genius cartographer T.S. Spivet receives an unexpected phone call from the Smithsonian announcing he has won the prestigious Baird Award, life as normal—if you consider...
mapping family dinner table conversation normal-is interrupted and a wild cross-country adventure begins, taking T.S. from his family ranch just north of Divide, Montana, to the museum's hallowed halls. T.S. sets out alone, leaving before dawn with a plan to hop a freight train and hobo east. Once aboard, his adventures step into high gear and he meticulously maps, charts, and illustrates his exploits, documenting mythical wormholes in the Midwest, the urban phenomenon of "rims," and the pleasures of McDonald's, among other things. We come to see the world through T.S.‘s eyes and in his thorough investigation of the outside world he also reveals himself. As he travels away from the ranch and his family we learn how the journey also brings him closer to home. A secret family history found within his luggage tells the story of T.S.‘s ancestors and their long-ago passage west, offering profound insight into the family he left behind and his role within it. As T.S. reads he discovers the sometimes shadowy boundary between fact and fiction and realizes that, for all his analytical rigor, the world around him is a mystery. All that he has learned is tested when he arrives at the capital to claim his prize and is welcomed into science's inner circle. For all its shine, fame seems more highly valued than ideas in this new world and friends are hard to find. T.S.‘s trip begins at the Copper Top Ranch and the last known place he stands is Washington, D.C., but his journey's movement is far harder to track: How do you map the delicate lessons learned about family and self? How do you depict how it feels to first venture out on your own? Is there a definitive way to communicate the ebbs and tides of heartbreak, loss, loneliness, love? These are the questions that strike at the core of this very special debut. Now a major motion picture directed by Jean-Pierre Jeunet and starring Kyle Catlett and Helena Bonham Carter.
The Cult of Mac-Leander Kahney 2006 Describes the psyche of Macintosh fans and the subculture they have created.
The World According to Physics-Jim Al-Khalili 2020-03-10 Quantum physicist, New York Times bestselling author, and BBC host Jim Al-Khalili offers a fascinating and illuminating look at what physics reveals about the world Shining a light on the most profound insights revealed by modern physics, Jim Al-Khalili invites us all to understand what this crucially important science tells us about the universe and the nature of reality itself. Al-Khalili begins by introducing the fundamental concepts of space, time, energy, and matter, and then describes the three pillars of modern physics—quantum theory, relativity, and thermodynamics—showing how all three must come together if we are ever to have a full understanding of reality. Using wonderful examples and thought-provoking analogies, Al-Khalili illuminates the physics of the extreme cosmic and quantum scales, the speculative frontiers of the field, and the physics that underpins our everyday experiences and technologies, bringing the reader up to speed with the biggest ideas in physics in just a few sittings. Physics is revealed as an intrepid human quest for ever more foundational principles that accurately explain the natural world we see around us, an undertaking guided by core values such as honesty and doubt. The knowledge discovered by physics both empowers and humbles us, and still, physics continues to delve valiantly into the unknown. Making even the most enigmatic scientific ideas accessible and captivating, this deeply insightful book illuminates why physics matters to everyone and calls one and all to share in the profound adventure of seeking truth in the world around us.
Kid in the Crib-Lex Friedman 2012-09-04 A children's book for adults in the vein of the mega-bestselling Go the F**k to Sleep, The Kid in the Crib brilliantly reimagines the Dr. Seuss classic, The Cat in the Hat, for beleaguered parents struggling with the anxieties and challenges of parenting in the 21st century. It substitutes the typical worries, frustrations, and challenges of modern parenting for Seuss's original story about a kindly feline and the children he befriends. It lays out the daily power struggle between parents as they each insist that it's the other one's turn to deal with the befouled diaper, and the bleary-headedness that coincides with an infant's sleeping patterns. Parents will chuckle as they read "The kid spat up white/The kid spat up green/The kid spat up more spit up/Than we'd ever seen." This pitch-perfect parody—expertly illustrated by graphic designer Felix Schlater—paints an honest portrait of parenting that will have moms and dads nodding in recognition and howling with laughter. And it is a story that parents will delight in reading, both to
each other—and even to their kids someday.
Remembering the Forgotten God-Francis Chan 2010-03-01 In this workbook companion to Forgotten God, author Francis Chan reminds us of the true source of the church’s power—the Holy Spirit. Chan contends that we’ve ignored the Spirit for far too long, and that without Him, we operate in our own strength, only accomplishing human-sized results. Offering a compelling invitation to understand, embrace, and follow the Holy Spirit’s direction in our lives the workbook is designed to initiate and facilitate both individual study, and small group discussion, interaction and practical application of the message of Forgotten God. The workbook will stand alone, or can be used alongside the Forgotten God DVD Study Resource. Francis’ thought-provoking teaching makes this a valuable workbook resource for individual study, a seven-week small group study, churches, youth groups, and college campus ministries—and perfect for retreat weekends.
Teach Yourself VISUALLY LinkedIn-Lance Whitney 2014-07-22
Beautiful Disaster Signed Limited Edition-Jamie McGuire 2012-11-27 Travis Maddox, Eastern University’s playboy, makes a bet with good girl Abby that if he loses, he will remain abstinent for a month, but if he wins, Abby must live in his apartment for the same amount of time.
Eastern Standard Tribe-Cory Doctorow 2005-04 Art, a member of the Eastern Standard Tribe—a secret society bound together by their sleep schedule and communicating via encrypted instant messaging—is incarcerated thanks to his friends and family, masquerading as consultants. In this edition, you’ll also learn to teach your iPad to answer your voice commands, making life with your new iPad easier and more convenient than ever!
The Lost Art of Gratitude-Alexander McCall Smith 2009-09-22 ISABEL DALHOUSIE - Book 6 Nothing captures the charm of Edinburgh like the bestselling Isabel Dalhousie series of novels featuring the insatiably curious philosopher and woman detective. Whether investigating a case or a problem of philosophy, the indefatigable Isabel Dalhousie, one of fiction’s most richly developed amateur detectives, is always ready to pursue the answers to all of life’s questions, large and small. The sensational sixth installment in the best-selling chronicles of the irrepressibly curious Isabel Dalhousie finds our inquisitive heroine and new mother racing two very troublesome people from her past. Isabel’s son, Charlie, is only eighteen months, but his social life is already kicking into high gear, and it’s at a birthday party, where Isabel is approached by Minty Auchterlonie, an old adversary and now a high-flying financier. Minty, it seems, is having trouble in her personal life, and seeks Isabel’s help. To make matters worse, the anything but peaceable Professor Dove has accused Isabel’s journal of plagiarism. There is also the ever-pressing question of the future of her relationship with Jamie. As always, she makes her way toward the heart of each problem by philosophizing, sleuthing, and downright snooping as only she can.
Powering the Dream-Alexis Madrigal 2011-03-29 Few today realize that electric cabs dominated Manhattan’s streets in the 1890s; that Boise, Idaho, had a geothermal heating system in 1910; or
that the first megawatt turbine in the world was built in 1941 by the son of publishing magnate G. P. Putnam--a feat that would not be duplicated for another forty years. Likewise, while many remember the oil embargo of the 1970s, few are aware that it led to a corresponding explosion in green-technology research that was only derailed when energy prices later dropped. In other words: We've been here before. Although we may have failed, America has had the chance to put our world on a more sustainable path. Americans have, in fact, been inventing green for more than a century. Half compendium of lost opportunities, half hopeful look toward the future, Powering the Dream tells the stories of the brilliant, often irascible inventors who foresaw our current problems, tried to invent cheap and energy renewable solutions, and drew the blueprint for a green future.

Brain Sense-Faith Hickman Brynie 2009-09-28 Complex and crucially important, the senses collect the massive amount of information we need to navigate daily life, and serve as a filter between our inner selves and the larger world. But the science of how the senses work has been little understood—until now. New research is rapidly uncovering fascinating insights into how the brain processes sensory information. It's not simply a matter of the brain controlling the senses; the senses actually stimulate brain development. For example, the brain's sound-processing centers mature properly only when sound impulses trigger them to do so—which is why cochlear implants are best used before the age of three. Brain Sense reveals this and a wealth of findings on how the brain and senses interact, as it examines each of the five major senses: touch, smell, taste, vision, and hearing. With eloquent writing and gripping stories, the author deploys a rare gift for explaining complex scientific ideas in a way that is clear and comprehensible. She introduces the scientists at the forefront of “brain sense” studies—neurologists, brain mappers, biochemists, physicians, cognitive psychologists, and others—as well as real-life people who are contributing to the research and benefiting from its practical applications, such as haptic devices to assist people who have lost limbs or rehabilitative software for those who have suffered impairments to their motion vision. You’ll find new research that explains: • Why placebos work by changing the way the brain processes pain • How humans respond to pheromones in the same manner as other animals • How taste is highly influenced by expectations of taste • Why color significantly aids the ability to remember an object • How the capacity for language is already at work in newborn babies • What happens in the brain to produce sensory experiences such as déjà vu and phantom limb pain • And much more Expansive and enlightening, Brain Sense shows us that the brain is both flexible and variable, and the reality that we construct based on inputs gathered from the senses differs from person to person. It sheds a much-needed light on the elusive workings of the extraordinary human brain.

Manage Your Day-To-Day-Jocelyn K. Glei 2013 Offers insights on ways to meet the challenges of the workplace by building a daily routine and finding focus amid chaos.

Star Wars-Kieron Gillen 2016-08-10 The unstoppable march of the Dark Lord of the Sith continues! The natives of the planet Shu-Torin are revolting. And there’s no way the Empire will stand for that. Darth Vader is tasked with leading a military assault against Shu-Torin! Could it be that his rise to glory has begun? But who will follow Vader into war? Would you? Then again, it’s better to fight alongside Vader than against him. That’s a lesson that the Ore Barons are about to learn...COLLECTING: DARTH VADER ANNUAL #1, DARTH VADER #16-19.

The Book You Wish Your Parents Had Read-Philippa Perry 2020-02-04 “A beautifully comprehensive look at what it might mean to be a sane and emotionally intelligent parent . . . hugely warm, wise, hopeful and encouraging.”--Alain de Botton, author of How Proust Can Change Your Life Instant #1 Sunday Times Bestseller Every parent wants their child to be happy and every parent wants to avoid screwing them up (the way their parents did!). But how do you do that? In this absorbing, clever, and warm book, renowned psychotherapist Philippa Perry tells us what really matters and what behavior it is important to avoid--the vital dos and don'ts of parenting. Her approach begins with parents themselves and their own psychological make-up and history--and how that in turn influences one's parenting. Instead of mapping out the “perfect” plan, Perry offers a big-picture look at the elements that lead to good parent-child relationships. This refreshing judgement-free book
will help you to: • Understand how your own upbringing may affect your parenting • Accept that you will make mistakes and learn what you can do about them • Break negative cycles and patterns • Handle your own and child’s feelings • Understand what different behaviors communicate Full of sage and sane advice, The Book You Wish Your Parents Had Read is one every parent will want to read and every child will wish their parents had. A PAMELA DORMAN BOOKS/VIKING LIFE TITLE

Master Your Mac-Matthew Cone 2012 Provides information to quickly improve and customize a Mac computer, enable undocumented Mac OS X features, automate tedious tasks, handle media, and troubleshoot disk issues.

Sherlock Holmes and The Beast of the Stapletons-James Lovegrove 2020-10-13 1894. The monstrous Hound of the Baskervilles has been dead for five years, along with its no less monstrous owner, the naturalist Jack Stapleton. Sir Henry Baskerville is living contentedly at Baskerville Hall with his new wife Audrey and their young son Harry. Until, that is, Audrey’s lifeless body is found on the moors, drained of blood. It would appear some fiendish creature is once more at large on Dartmoor and has, like its predecessor, targeted the unfortunate Baskerville family. Sherlock Holmes and Dr Watson are summoned to Sir Henry’s aid, and our heroes must face a marauding beast that is the very stuff of nightmares.

In Five Years-Rebecca Serle 2020-03-10 A NEW YORK TIMES BESTSELLER A Good Morning America, FabFitFun, and Marie Claire Book Club Pick “In Five Years is as clever as it is moving, the rare read-in-one-sitting novel you won’t forget.” —Chloe Benjamin, New York Times bestselling author of The Immortalists Perfect for fans of Me Before You and One Day—a striking, powerful, and moving love story following an ambitious lawyer who experiences an astonishing vision that could change her life forever. Where do you see yourself in five years? Dannie Kohan lives her life by the numbers. She is nothing like her lifelong best friend—the wild, whimsical, believes-in-fate Bella. Her meticulous planning seems to have paid off after she nails the most important job interview of her career and accepts her boyfriend’s marriage proposal in one fell swoop, falling asleep completely content. But when she awakens, she’s suddenly in a different apartment, with a different ring on her finger, and beside a very different man. Dannie spends one hour exactly five years in the future before she wakes again in her own home on the brink of midnight—but it is one hour she cannot shake. In Five Years is an unforgettable love story, but it is not the one you’re expecting.

The Digital Reader-Terence W. Cavanaugh 2006 The rapidly increasing availability and low cost of e-book technology make it perfect for schools and educators looking to expand their resources for readers. Descriptions of the most popular and affordable e-book devices, software, and content for educators Guidelines for accessing free digital library resources available on the Web and for creating your own e-books using basic software tools Strategies for using the annotation, reference, and hyper text capabilities of electronic text to promote active reading Comprehensive index Also available: Differentiating Instruction with Technology in K-5 Classrooms - ISBN 1564842339 Interactive Videoconferencing: K-12 Lessons That Work - ISBN 1564842517

Horton Hears a Who!-Dr. Seuss 2013-09-24 Choose kindness with Horton the elephant and the Whos of Who-ville in this 65th Anniversary Edition of Dr. Seuss’s classic picture book about caring for others! The new matte finish cover and peel-off Anniversary Sticker make it a perfect gift! A person’s a person, no matter how small. Everyone’s favorite elephant stars in this heartwarming and timeless story for readers of all ages. In the colorful Jungle of Nool, Horton discovers something that at first seems impossible: a tiny speck of dust contains an entire miniature world—Who-ville—complete with houses and grocery stores and even a mayor! But when no one will stand up for the Whos of Who-ville, Horton uses his elephant-sized heart to save the day. This tale of compassion and
determination proves that any person, big or small, can choose to speak out for what is right. This story showcases the very best of Dr. Seuss, from the moving message to the charming rhymes and imaginative illustrations. No bookshelf is complete without Horton and the Whos! Do you see what I mean? ... They've proved they ARE persons, no matter how small. And their whole world was saved by the Smallest of All!

Reading Magic-Mem Fox 2008 Argues that reading aloud to children is a vital part of their educational development, exploring how and where to read to achieve the best effects.

How Big Is Allah?-Emma Apple 2020-04-02 In this book, readers will embark on a journey of size and discovery through the cosmos. Using astronomy and the natural world to teach Muslim children about the greatness of God/Allah, How Big Is Allah? is an Islamic children's book unlike any other you have on your bookshelf. How Big Is Allah? is the first in the #1 best-selling Islamic Children's First Questions series by Emma Apple. It's the book that started Little Moon Books, selling thousands of copies worldwide, thus becoming a staple on Muslim children's bookshelves. Through the use of authentic Islamic sources and scientific facts the Children's First Questions series promotes curiosity, encouraging the pursuit of knowledge, and scientific literacy. As a result, kids who read these books are able to grasp complex concepts in a unique and age-appropriate way. Giving Muslim kids the bridge they need between scientific discovery and Islamic identity. OTHER BOOKS IN THE SERIES How Does Allah Look? Where Is Allah? What Are The Signs Of Allah? This series is written in accordance with the Qur'an and Sunnah and, most importantly, does not describe Allah in any way. Topics of interest: Muslim children's books. Islamic children's books. Ramadan children's books. Books about Ramadan. Eid children's books. Diverse books for children. Books about Islam. Books about Muslims.
