Independence My Way

[Book] Independence My Way

Independence My Way-Kaizer D. Matanzima 1976
Independence my way. [Illustr.]-Kaizer Daliwonga Matanzima 1976
Fitness Independence-Matt Schifferle 2016-06-11 Modern living has made health and fitness more important than ever. Ironically, modern life has also made popular fitness habits too complicated and costly to be practical much less effective. In Fitness Independence, Matt Schifferle shares what he has learned about how to be as fit as possible, without sacrificing your lifestyle to the gym or "eating right." Through focusing on just 5 key principals, you'll learn how to achieve better results from building muscle to burning fat. At the same time, you'll break free from the costly fads and trends that shackles both your results and your daily lifestyle. This is not another book about how to burn fat or get six pack abs. It's a new approach towards diet and exercise while remaining free to be fit on your own terms. It's a book about how to "be fit and live free."

The British Book Trade and Spanish American Independence-Eugenia Roldán Vera 2017-03-02 The British Book Trade and Spanish American Independence is a pioneering study of the export of books from Britain to early-independent Spanish America, which considers all phases of production, distribution, reading, and re-writing of British books in the region, and explores the role that these works played in the formation of national identities in the new countries. Analysing in particular the publishing house of Rudolph Ackermann, which dominated the export of British books in Spanish to the former colonies in the 1820s, it discusses the ways in which the printed form of these publications affected the knowledge conveyed by them. After a survey of the peculiar characteristics of print culture in early-independent Spanish America and the trends in the import of European books in the region, the author examines the operation of Ackermann's publishing enterprise. She shows how the collaborative nature of this enterprise, involving a number of Spanish American diplomats as sponsors and Spanish exiles as writers and translators, shaped the characteristics of its publications, and how the notion of 'useful knowledge' conveyed by them was deployed in the service of both commercial and educational concerns. The hitherto unexplored mechanisms of book import, distribution, wholesale and retailing in Spanish America in the 1820s are also analysed as is the way in which the significance of the knowledge transmitted by those books shifted in the course of their production and distribution. The author examines how the question-and-answer form of Ackermann's textbooks constrained both publishers and writers and oriented their readers' relation with the texts. She then looks at the various ways in which foreign knowledge was appropriated in the construction of individual, social, national, and continental identities; this is done through the study of a number of individual reading experiences and through the analysis of the editions and adaptations of Ackermann's textbooks during the nineteenth century.

4-Way Coordination-Marvin Dahlgren 1999-10-23 Proficiency as a drummer has always come from great hand dexterity. However, with the introduction of modern drumming techniques, it has become increasingly necessary to gain complete independence of both the hands and feet. With various rhythmic exercises in easy-to-read notation, 4-Way Coordination is designed to guide the drummer from simple patterns to advanced polyrhythms. Through the study of this method book, the student will gain invaluable listening skills and techniques that will provide insight to drumming in all styles.

Independence-Shelly Crane 2013-12 Maggie and Caleb must tie up all the loose ends of their lives and make a way to be together completely on their own. With everything that happened with Bish and Maggie's father, she's almost reluctant to move on and move out. And now she must figure out all of this...stuff...with Haddock. But of course, nothing can stay simple for the Jacobsons. Enemies who were thought to be dissolved have decided to not go down so easily. And old flames come calling for more than just Maggie. Caleb is torn between leading his family and personal wants. Maggie is torn between Caleb and being the leader of their people. But neither will let what they need most to be pushed to the wayside. They are determined to make it all work, design a plan
toward destiny, and make everything right again for themselves and their family. And then there's a wedding...

The Way to Financial Independence-Pearl Iseabell Roberts 2012-09 The way to financial independence is like building a house. You can't build unless you have a solid foundation. You need to have the desire, the determination, and the goals to become self-sufficient. Be confident in yourself and be motivated. Let's name some of the building materials that you will need: education, as much as you can get, and the learning process never stops. As I converse with people, I find myself saying, I didn't know that! While learning how to manage your money, also pay off your debts. Have a budget and saving plan. Be disciplined in spending. Don't be wasteful. Take time to get the best for your buck. Learn how to invest. Know what you are investing in and how it will make you money. Do not do risky investment, and do not gamble and be responsible. Learn everything that you can about finance and save, save, save.

Independence Square-A. D. Miller 2020-02-04 A powerful, timely novel that moves seamlessly between the euphoria of revolution and intimate dramas of love and loyalty. Once a senior diplomat in Kiev, Simon Davey lost everything after a lurid scandal. Back in London, still struggling with the aftermath of his disgrace, he is traveling on the Tube when he sees her. . . . This woman, Olesya, is the person Simon holds responsible for his downfall. He first met her on an icy night during the protests on Independence Square. Full of hope and idealism, Olesya could not know what a crucial role she would play in the dangerous times ahead—and in Simon’s fate. Or what compromises she would have to make to protect her family. When Simon decides to follow Olesya, he finds himself plunged back into the dramatic days which changed his life forever. And he begins to see that her past has not been what he thought it was, and neither has his own. Independence Square is a story of ordinary people caught up in extraordinary times. It is a story about corruption and betrayals, and a story about where, in the twenty-first century, power really lies.

Spiritual Journaling-Julie Tallard Johnson 2006-02-23 A guide for teens and young adults on the power of creative journaling and its role in enhancing self-discovery and self-awareness • Provides encouragement for creative writing, self-expression, and self-dialogue • Includes journaling exercises to inspire creativity and cultivate self-esteem • By the author of Teen Psychic and The Thundering Years, winner of the 2002 Independent Publisher Book Award for multicultural juvenile nonfiction Most teens and young adults search for ways to express their individuality and to discover who they are, without being judged. In Spiritual Journaling Julie Tallard Johnson shows that journaling is an informative and supportive outlet for the joys, frustrations, and questions that arise for those making the transition toward their own independent ideas and lives—and a powerful tool for awakening creative potential. Johnson encourages young people to discover their own unique voices by offering guidance on writing and other forms of self-expression and self-dialogue and on learning how to listen to inner wisdom. As readers move through the book and write in their own personal journals, they gain insight about themselves—knowledge reflected in their own words and the writing of other young people included in the book. The journaling tools provided include meditations, consulting oracles, writing poetry, visualizations, writing rituals, and problem solving around spiritual questions.

Our Declaration: A Reading of the Declaration of Independence in Defense of Equality-Danielle Allen 2014-06-23 Winner of the Francis Parkman Prize, Society of American Historians “A tour de force. . . . No one has ever written a book on the Declaration quite like this one.”—Gordon Wood, New York Review of Books Featured on the front page of the New York Times, Our Declaration is already regarded as a seminal work that reinterprets the promise of American democracy through our founding text. Combining a personal account of teaching the Declaration with a vivid evocation of the colonial world between 1774 and 1777, Allen, a political philosopher renowned for her work on justice and citizenship reveals our nation’s founding text to be an animating force that not only changed the world more than two-hundred years ago, but also still can. Challenging conventional wisdom, she boldly makes the case that the Declaration is a document as much about political equality as about individual liberty. Beautifully illustrated throughout, Our Declaration is an
"uncommonly elegant, incisive, and often poetic primer on America’s cardinal text" (David M. Kennedy).

The Way to Independence—Carolyn Gilman 1987 "In 1886 a small group of Hidatsa Indian people left their earth lodges in Like-a-Fishhook Village on the Fort Berthold Reservation in western North Dakota. Pushed by U.S. government policies and pulled by new opportunities, they moved up the Missouri River and built homes on the reservation at an isolated spot they called Independence. About 20 years later, Gilbert L. Wilson, and anthropologist with an insatiable interest and an a tireless pencil, went to Independence to record information about traditional Hidatsa life. There three members of one family--Buffalo Bird Woman, her brother Wolf Chief, and her son Goodbird--agreed to tell him their stories. This book is based on the memories of Buffalo Bird Woman's family shared with Wilson and on the cultural artifacts that they sold him. It is a powerful and personal description of one family's journey from a traditional, clan-oriented society to the industrialized, individualistic world of 20th-century America. Their stories speak for the thousands of other Indian families whose experiences were never recorded"--Book cover.

The War Before Independence—Derek W. Beck 2016-05-03 The United States was creeping ever closer to independence. The shot heard round the world still echoed in the ears of Parliament as impassioned revolutionaries took up arms for and against King and country. In this captivating blend of careful research and rich narrative, Derek W. Beck continues his exploration into the period preceding the Declaration of Independence, just days into the new Revolutionary War. The War Before Independence transports readers into the violent years of 1775 and 1776, with the infamous Battle of Bunker Hill a turning point in the Revolution and the snowy, wind-swept March to the frozen ground at the Battle of Quebec, ending with the exciting conclusion of the Boston Campaign. Meticulous research and new material drawn from letters, diaries, and investigative research throws open the doors not only to familiar figures and faces, but also little-known triumphs and tribulations of America's greatest military leaders, including George Washington. Wonderfully detailed and stunningly layered, The War Before Independence brings America's early upheaval to a ferocious boil on both sides of the battlefield, and vividly captures the spirit of a fight that continues to inspire brave hearts today.

Independence Day—Richard Ford 2010-12-22 Frank Bascombe is no longer a sportswriter, yet he's still living in Haddam, New Jersey, where he now sells real estate. He's still divorced, though his ex-wife, to his dismay, has remarried and moved along with their children to Connecticut. But Frank is happy enough in his work and pursuing various civic and entrepreneurial sidelines. He has high hopes for this 4th of July weekend: a search for a house for deeply hapless clients relocating to Vermont; a rendezvous on the Jersey shore with his girlfriend; then up to Connecticut to pick up his larcenous and emotionally troubled teenage son and visit as many sports halls of fame as they can fit into two days. Frank's Independence Day, however, turns out not as he'd planned, and this decent, appealingly bewildered, profoundly observant man is wrenched, gradually and inevitably, out of his private refuge. Independence Day captures the mystery of life — in all its conflicted glory — with grand humour, intense compassion and transfixing power.

My Way—John Martin Fischer 2006-03-02 This is a selection of essays on moral responsibility that represent the major components of John Martin Fischer's overall approach to freedom of the will and moral responsibility. The collection exhibits the overall structure of Fischer's view and shows how the various elements fit together to form a comprehensive framework for analyzing free will and moral responsibility. The topics include deliberation and practical reasoning, freedom of the will, freedom of action, various notions of control, and moral accountability. The essays seek to provide a foundation for our practices of holding each other (and ourselves) morally and legally accountable for our behavior. A crucial move is the distinction between two kinds of control. According to Fischer, "regulative control" involves freedom to choose and do otherwise ("alternative possibilities"), whereas "guidance control" does not. Fischer contends that guidance control is all the freedom we need to be morally responsible agents. Further, he contends that such control is fully compatible with causal determinism. Additionally, Fischer argues that we do not need genuine
access to alternative possibilities in order for there to be a legitimate point to practical reasoning. Fischer's overall framework contains an argument for the contention that guidance control, and not regulative control, is associated with moral responsibility, a sketch of a comprehensive theory of moral responsibility (that ties together responsibility for actions, omissions, consequences, and character), and an account of the value of moral responsibility. On this account, the value of exhibiting freedom (of the relevant sort) and thus being morally responsible for one's behavior is a species of the value of artistic self-expression.

Empowered Horses-Imke Spilker 2009 With illuminating text, this study explains why it is necessary for riders to carefully build a relationship that eliminates the traditional rider-as-oppressor dynamic and instead empowers the horse to behave as an individual. To begin achieving this relationship, riders learn to transform a horse's work space into "free space" by giving their horse choices; by understanding how horses live and prefer to spend their time; by observing, sensing, and reflecting with the horse; and by using visual language to win the horse's friendship. The result is a surprising dialogue with the horse that yields an indomitable partnership—unparalleled improvement in the horse's attitude, health, balance, and movement, as well as mutual enjoyment of what was once the often dull, frustrating grind of daily training lessons.

Rebecca Dickinson-Marla R. Miller 2012-10-15 An engaging look into the life of Rebecca Dickinson and the paradoxes presented by an unmarried woman who earned her own living at the time of the American Revolution

How to Read the Constitution & The Declaration of Independence-Paul B. Skousen

The Miracle of American Independence-Jonathan R. Dull 2015-11 Although American independence was no miracle, the timing of the country's independence and its huge scope, both political and territorial, do seem miraculous. In The Miracle of American Independence Jonathan R. Dull reconstructs significant events before, during, and after the Revolutionary War that had dramatic consequences for the future as the colonies sought independence from Great Britain. Without these surprising and unexpected results, Dull maintains, the country would have turned out quite differently. The Miracle of American Independence reimagines how the British might have averted or overcome American independence, and how the fledgling country itself could have lost its independence. Drawing on his nearly fifty years of research and a lively imagination, Dull puts readers in a position to consider the American Revolution from the perspective of the European states and their monarchs. This alternative history provides a stimulating reintroduction to one of the most exciting periods in American and European history, proving that sometimes reality is even stranger and more miraculous than fiction.

The Declaration of Independence-Thomas Jefferson 2020-03-18 The Declaration of Independence was adopted by the Second Continental Congress meeting at the Pennsylvania State House, now known as Independence Hall in Philadelphia, Pennsylvania, on July 4, 1776. This may be the most famous angry letter in history.

Independence-John Ferling 2011-06-15 No event in American history was more pivotal—or more furiously contested—than Congress’s decision to declare independence in July 1776. Even months after American blood had been shed at Lexington and Concord, many colonists remained loyal to Britain. John Adams, a leader of the revolutionary effort, said bringing the fractious colonies together was like getting “thirteen clocks to strike at once.” Other books have been written about the Declaration, but no author has traced the political journey from protest to Revolution with the narrative scope and flair of John Ferling. Independence takes readers from the cobblestones of Philadelphia into the halls of Parliament, where many sympathized with the Americans and furiously debate erupted over how to deal with the rebellion. Independence is not only the story of how freedom was won, but how an empire was lost. At this remarkable moment in history, high-stakes politics was intertwined with a profound debate about democracy, governance, and justice. John Ferling, drawing on a lifetime of scholarship, brings this passionate struggle to life as no other
The Simple Path to Wealth - J. Collins 2016-06-18 The author shares his personal techniques, insights and experiences regarding saving money and investing, drawn from his blog posts as well as a series of letters to his teenage daughter, both dealing with money management.

Almost a Miracle - John E. Ferling 2009 Describes the military history of the American Revolution and the grim realities of the eight-year conflict while offering descriptions of the major engagements on land and sea and the decisions that influenced the course of the war.

Tajikistan - Shirin Akiner 2013-01-11 Since its independence in 1991 Tajikistan has suffered a painful series of political crises followed by a civil war, still continuing, whose repercussions extend far beyond its borders. This work examines the causes of the turmoil, and analyses, through the case of Tajikistan, social and political dynamics at work throughout Central Asia. The book is the work of eleven Central Asian experts from different disciplinary backgrounds, and provides new insight into questions as varied as clan and local identity, the political construction of ethnicity and the role of peacekeeping forces.

The Way to Financial Independence - Pearl Iseabell Roberts 2012-09-28 The way to financial independence is like building a house. You can't build unless you have a solid foundation. You need to have the desire, the determination, and the goals to become self-sufficient. Be confident in yourself and be motivated. Let's name some of the building materials that you will need: education, as much as you can get, and the learning process never stops. As I converse with people, I find myself saying, I didn't know that! While learning how to manage your money, also pay off your debts. Have a budget
and saving plan. Be disciplined in spending. Don't be wasteful. Take time to get the best for your buck. Learn how to invest. Know what you are investing in and how it will make you money. Do not do risky investment, and do not gamble and be responsible. Learn everything that you can about finance and save, save, save.

On My Way Home—Christoffel Hendrickx 2019-09-26 In a time of global awakening, a young woman and an enigmatic man fortuitously meet far away from home. Marina and Tiger try to make ends meet and look for the best life has to offer. Soon, their expectations clash, and after a climactic conflict, they break up. As Tiger drifts away, Marina is inspired by his notes and determined to write down his story as he would have told it, learning more about herself and the true nature of love in every scribble. Tiger’s story is a turbulent tale of a sensitive man who tries to understand the world and wants to elevate it to a more humane state. He is chased by a series of strange coincidences that challenge him to adjust his view and purify his mind. With settings in some of the most beautiful places on earth, On My Way Home, dissects our world and reveals its true nature. The reader has a choice: read the book as Tiger’s rollercoaster ride into awareness or as Marina’s testimony to the challenges of unconditional love.

Independence Lost—Kathleen DuVal 2016 In an entirely new, global perspective on the Revolutionary period, Kathleen DuVal reveals personal stories such as that of Irish trader Oliver Pollock, Scottish plantation owners James and Isabella Bruce, and Creek leader Alexander McGillivray for whom the American Revolution was more complicated than the issue of colonial independence. These individuals, their communities, and nations weighed their options, deciding based on personal interests whether independent states or loyal British colonies would best serve them as neighbors, let alone future rulers. DuVal explores how so-called American independence affected the lives of those living on the edges of British colonial America, such as slaves, Indians, women, and the colonists of other European nations and finds that the war left some much more free than others. For most of its duration, the outcome of the Revolutionary War was far from certain. DuVal brings us to a region on the edge of the war where it seems that everyone was hedging their bets—the Gulf Coast. As the British tried to hold onto the thirteen rebelling colonies that would eventually be the nascent United States, their loyal colony of West Florida was left vulnerable to Spanish invasion from the west. With the British stretched thin fighting two wars, the clashing empires found enemies and allies for whom loyalty was a calculation more than a feeling.

Finding My Way in a Strange Land—John E. Brooks 2012-06 Finding My Way in a Strange Land, by Whitman T. Browne and John E. Brooks, is a story of humble beginnings in the West Indies, followed by a determination leading to growth, all-round development, unusual success, as Brooks responded to the challenges of finding a home in a foreign land.

Independence Hall—Roland Smith 2013-05-20 Thirteen-year-old Quest (Q) isn't sure he's ready for a new family. For a long time it's just been him and his mom, Blaze. But everything changes when Blaze falls in love with Roger and they start a new rock band called Match. Now they're married, have a hit record, and Match is going out on a year-long driving tour across the country. Q, along with new stepsister Angela, will take a year off from school and travel with the band. For now, home will be a luxury motor coach and homework will be a Web site diary of their travels. Perfect—Q can practice his magic tricks and Angela can read her spy novels. What can go wrong? As Q and Angela settle into their new life and new relationship as siblings, they start to notice that certain coincidences don't seem coincidental. For example, how does a band roadie named Boone find them in the middle of a desert where their coach just happens to break down? Why does a man from their parents' wedding keep showing up in the same cities they stop at? When they reach Philadelphia, Q and Angela realize this tour is definitely not the trip their parents had planned and that the “City of Brotherly Love” is full of mysteries and secrets that could threaten their new life together. In addition to his action adventure books, Roland is the author of many award-winning books for
children including Journey of the Red Wolf; The Captain's Dog: My Journey with the Lewis and Clark Tribe; and Thunder Cave, which was a 1996 Notable Children's Trade Book in the field of Social Studies. His books with Sleeping Bear Press include W is for Waves: An Ocean Alphabet; Z is for Zookeeper: A Zoo Alphabet; and N is for our Nation's Capital: A Washington, DC Alphabet. Roland lives near Portland, Oregon.

Mapping My Way Home-Stephanie Urdang 2017-11-22 Stephanie Urdang was born in Cape Town, South Africa, into a white, Jewish family staunchly opposed to the apartheid regime. In 1967, at the age of twenty-three, no longer able to tolerate the grotesque iniquities and oppression of apartheid, she chose exile and emigrated to the United States. There she embraced feminism, met anti-apartheid and solidarity movement activists, and encountered a particularly American brand of racial injustice. Urdang also met African revolutionaries such as Amilcar Cabral, who would influence her return to Africa and her subsequent journalism. In 1974, she trekked through the liberation zones of Guinea-Bissau during its war of independence; in the 1980’s, she returned repeatedly to Mozambique and saw how South Africa was fomenting a civil war aimed to destroy the newly independent country. From the vantage point of her activism in the United States, and from her travels in Africa, Urdang tracked and wrote about the slow, inexorable demise of apartheid that led to South Africa’s first democratic elections, when she could finally return home. Urdang’s memoir maps out her quest for the meaning of home and for the lived reality of revolution with empathy, courage, and a keen eye for historical and geographic detail. This is a personal narrative, beautifully told, of a journey traveled by an indefatigable exile who, while yearning for home, continued to question where, as a citizen of both South Africa and the United States, she belongs. “My South Africa!” she writes, on her return in 1991, after the release of Nelson Mandela, “How could I have imagined for one instant that I could return to its beauty, and not its pain?”

The Way to Wealth-Benjamin Franklin 1986 The first American book on personal finance, The Way to Wealth by Benjamin Franklin is still the best and wisest money book ever written. Originally published in 1758 as the preface to Poor Richard's Almanack, this little gem has been through innumerable printings and sold millions of copies to those in search of smart but entertaining advice about hard work, earning and saving money and debt. As the 21st Century charges along and the current economic climate continues to send out mixed messages, Franklin’s simple but wise commentary on the value of industry and frugality resonates as much for us today as it did for listeners nearly 350 years ago. Here is a sample: • “Early to bed and early to rise makes a man healthy, wealthy and wise.” • “If you would be wealthy, think of saving, as well as of getting.” • “If you would have your business done, go; if not, send.” • “Think what you do when you run into debt; you give to another power over your liberty.” • “Creditors have better memories than debtors.” Although older than the United States itself, The Way to Wealth is still very popular. It is handed out by major companies and financial institutions to friends, clients, and customers and is the January, 2004 selection of The Washington Post's the Color of Money Book Club. As Michelle Singletary, director of the Club wrote in a column about The book, “At just 30 pages, this pocket-size book takes less than an hour to read but will give you a lifetime of financial wisdom—that is if you're wise enough to follow the advice.”

Paul Revere's Ride-Henry Wadsworth Longfellow 1907

Independence Day: Resurgence: The Official Movie Novelization-Alex Irvine 2016-06-21 Hybrid fighters merging human and alien technology. Massive cannon emplacements on the Moon and Mars. A planetary defense force with the finest military personnel ever trained. For two decades we've known the enemy would return. The nations of Earth have collaborated on a unified defense program designed to defend the planet. Yet nothing could prepare us for the immensity of their new assault, and only the courage and skill of a few brave men and women can hope to bring our world back from the brink of extinction.
